Welford House – Gas savings

A number of buildings were put into hand by Commercial Services just before the Christmas Holidays and left on until the New Year. (Wastage = £250 approx.)

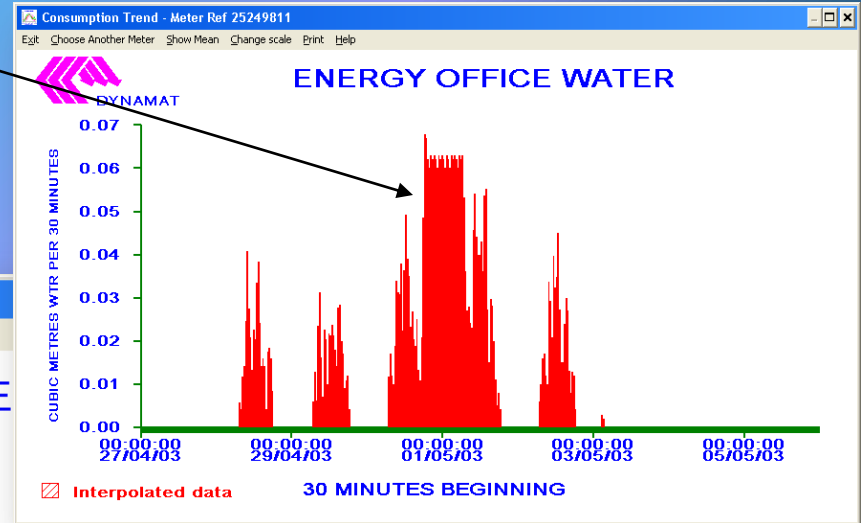

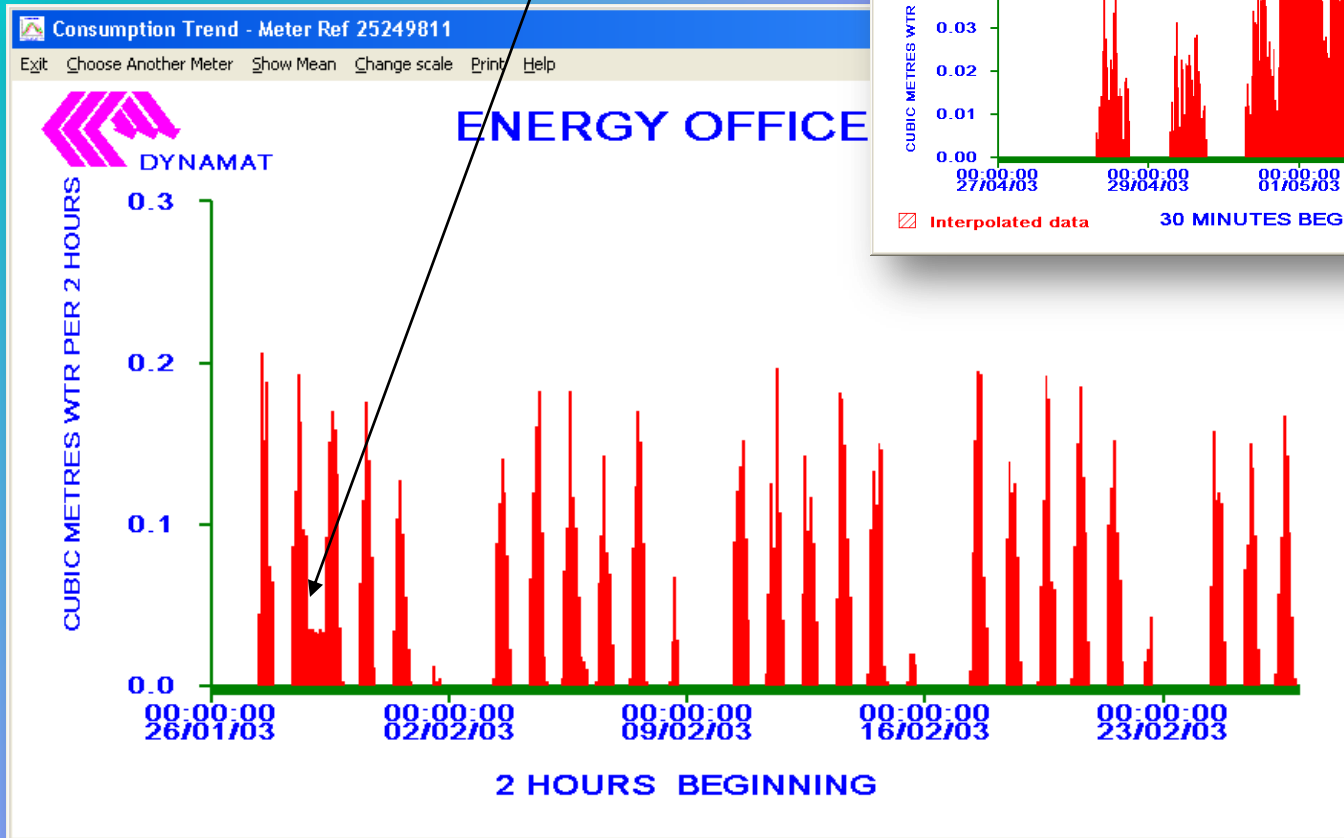

Welford House – Gas savings

Four major administration building (New Walk Centre A & B, Phoenix House and Welford House) were all affected by the installation of a new Andover Controller (air handling and heating) for the Committee Rooms. As the Net Master Controller, which is connected to these four buildings, was turned 'OFF' to carry out the work, it in turn switched 'OFF' the other sites. This is why all these sites were put into hand. (Wastage = £35 approx.)

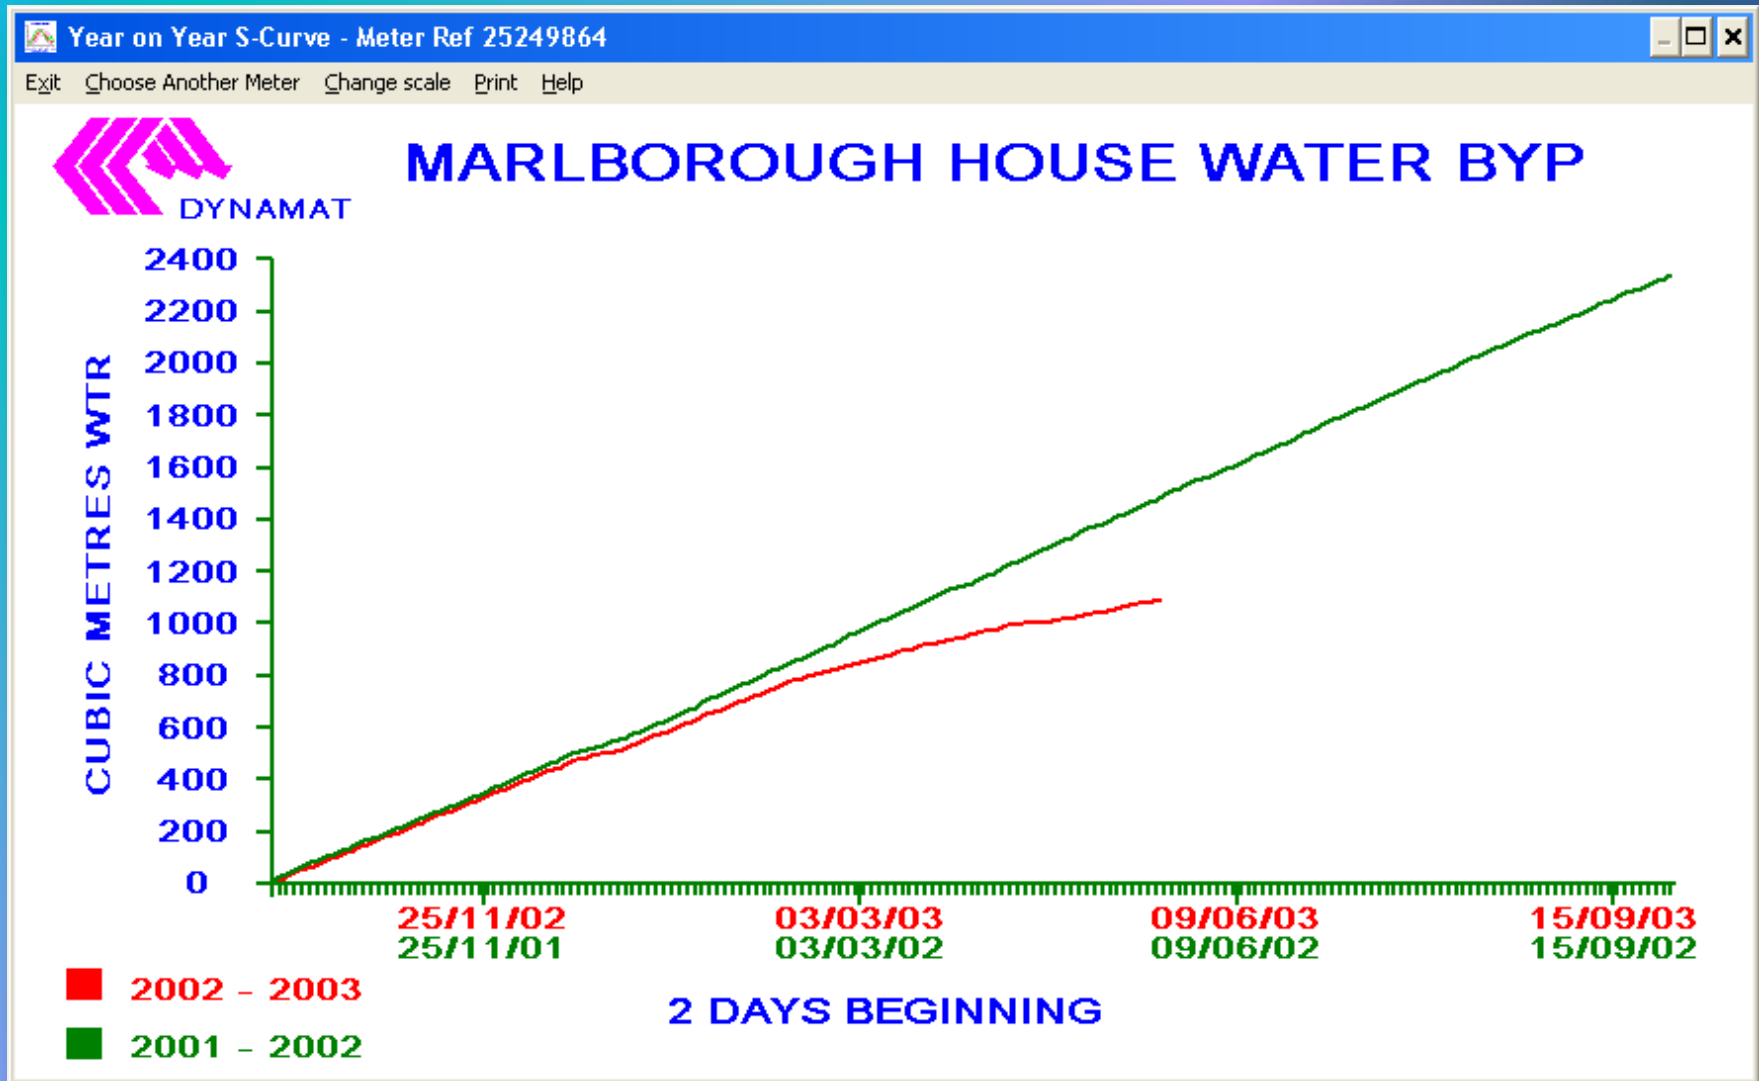

Energy Efficiency Centre – Water savings

Tap left running overnight

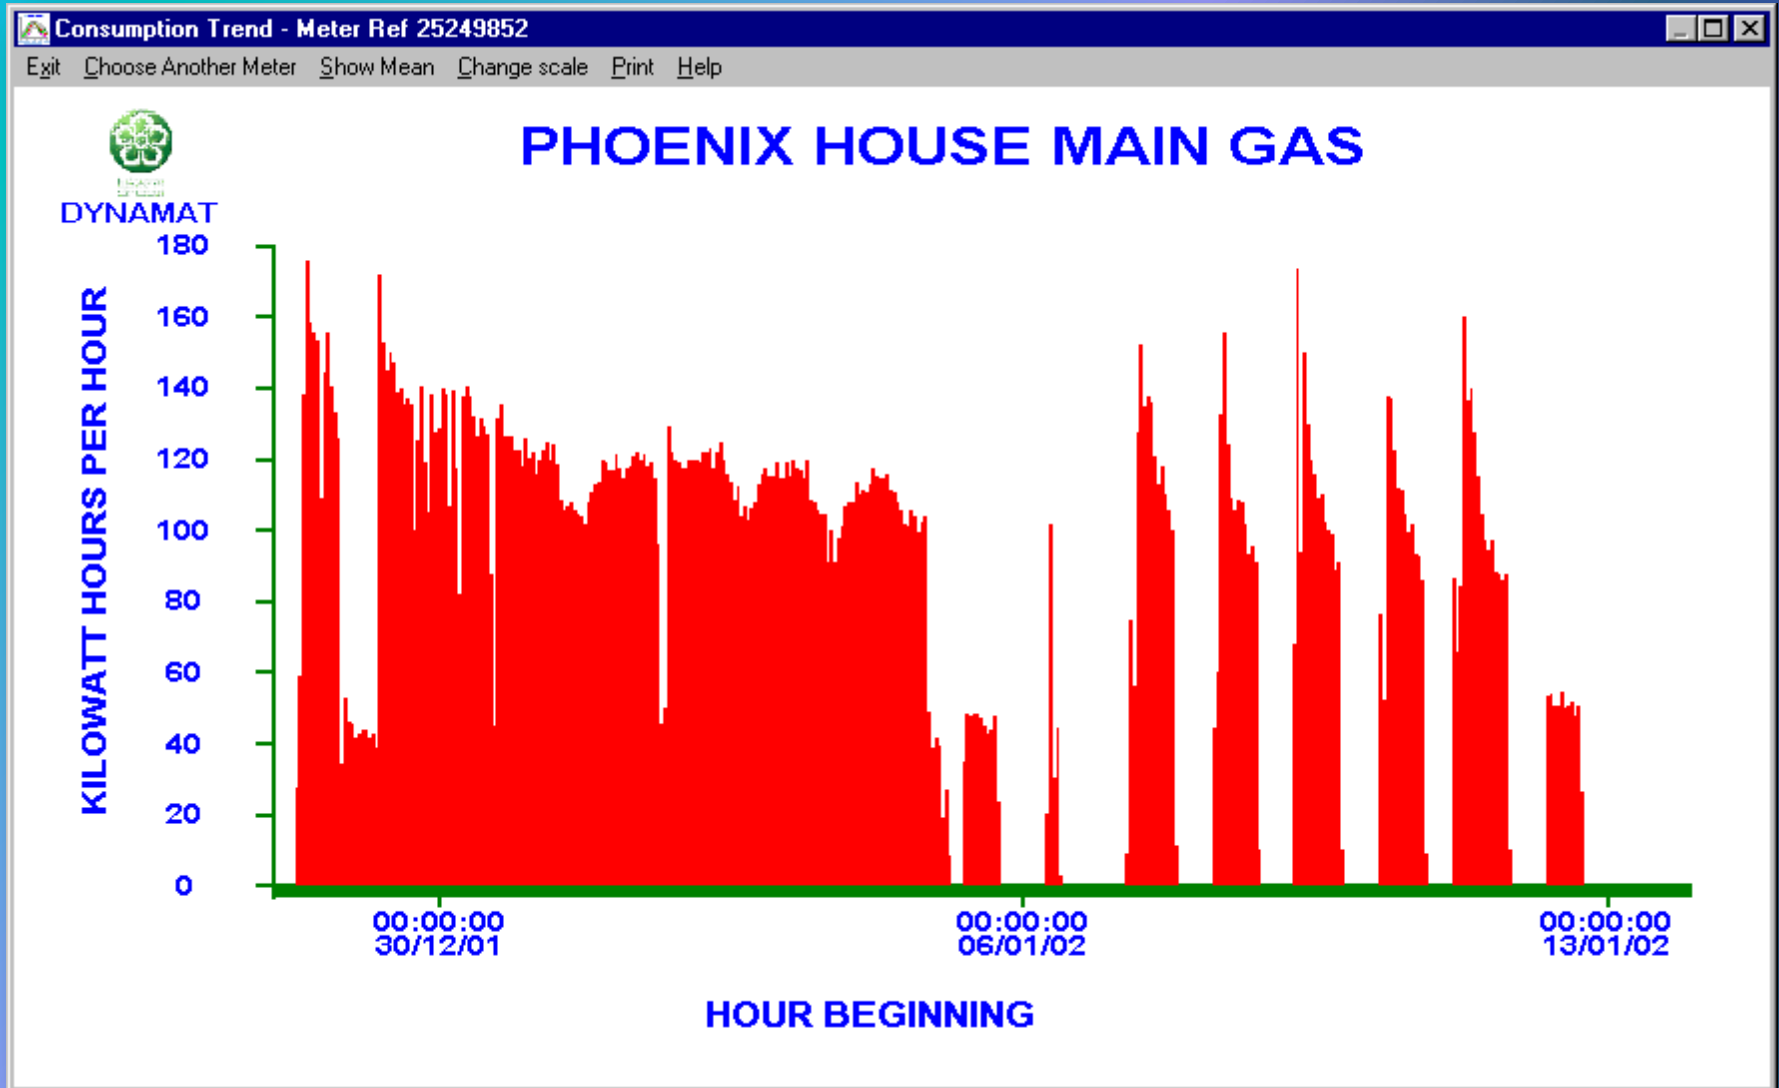

Marlborough House – Water savings

Saving of £1,370 per year

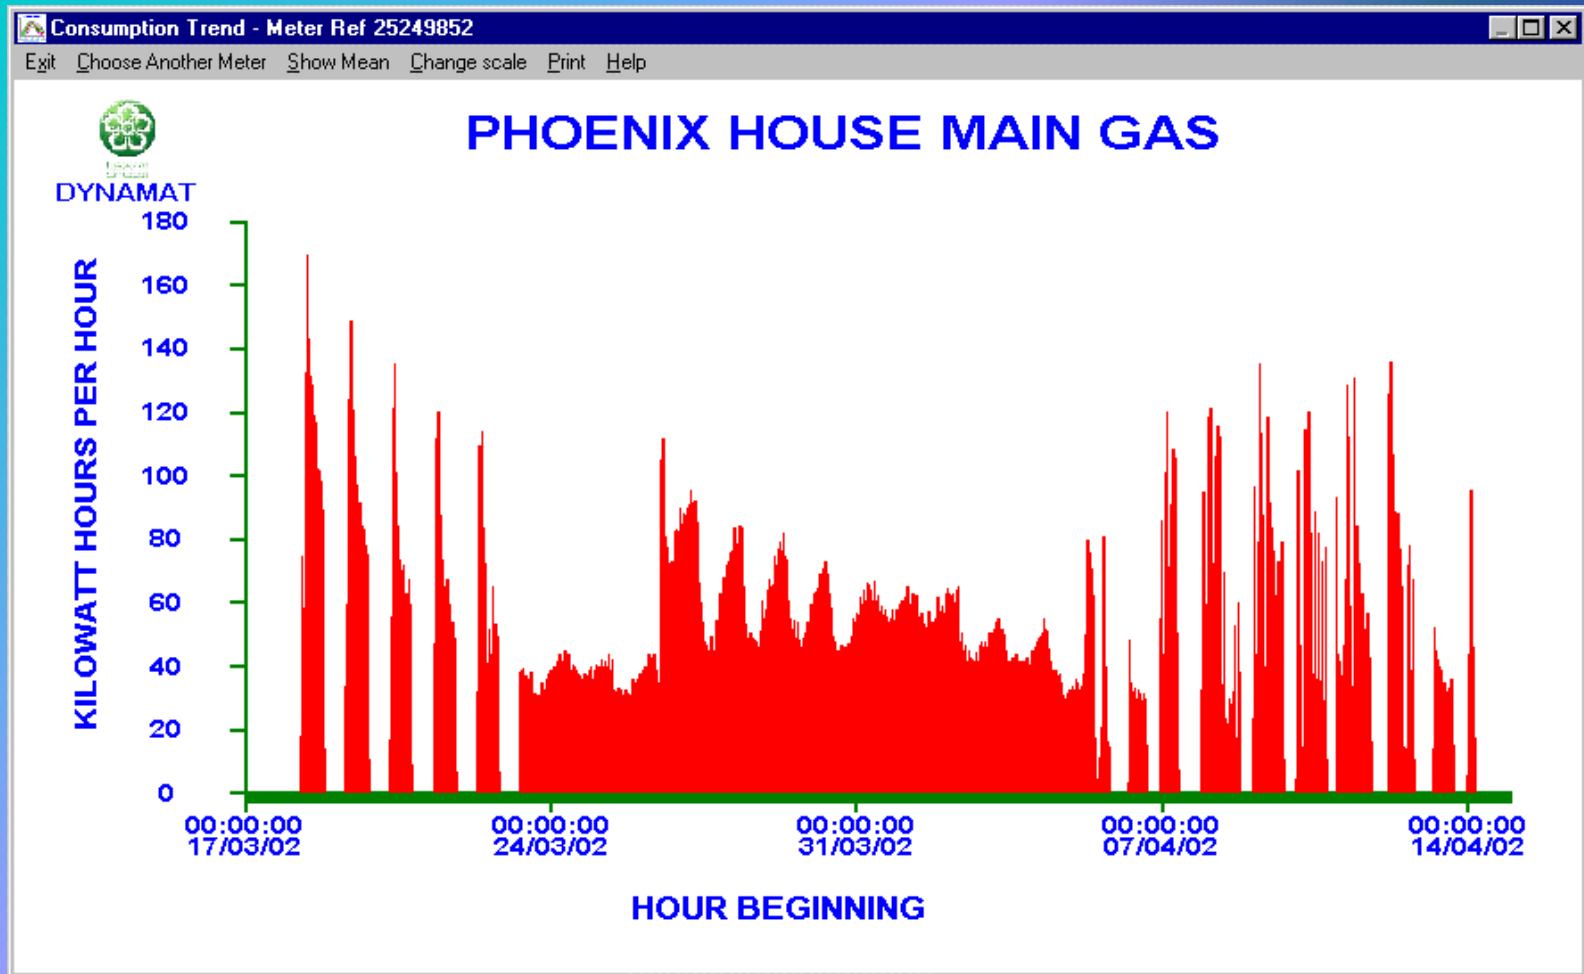

Phoenix House – Gas savings

A number of buildings were put into hand by Commercial Services just before the Christmas Holidays and left on until the New Year.
(Wastage = £240 approx.)

Phoenix House – Gas savings

Four major administration building (New Walk Centre A & B, Phoenix House and Welford House) were all affected by the installation of a new Andover Controller (air handling and heating) for the Committee Rooms. As the Net Master Controller, which is connected to these four buildings, was turned 'OFF' to carry out the work, it in turn switched 'OFF' the other sites. This is why all these sites were put into hand. (Wastage = £65 approx.)
